Witnessing Hope, Dignity, and Transformation at Soulfree

Visitors to Soulfree (December 2025 – February 2026)

Between December 2025 and February 2026, Soulfree had the honour of welcoming a diverse group of visitors including healthcare professionals, academicians, social workers, well-wishers, and international guests. Their visits provided an opportunity to observe firsthand the work being done to support individuals living with spinal cord injuries and to restore independence, dignity, and purpose in their lives.

For many visitors, the experience went beyond simply touring a rehabilitation facility. They witnessed a community built on compassion, resilience, and empowerment. The reflections recorded in the Soulfree Visitors' Book capture not only appreciation for the services provided but also a deep recognition of the human spirit that guides the work of the Soulfree team.

Their encouraging words reaffirm the importance of our mission and inspire us to continue strengthening and expanding our efforts.

Reflections from Our Visitors

Carlos Tirado
Physiotherapist, Netherlands

"I was totally overwhelmed by the presentation about the rehabilitation centre. This place offers so many benefits for its residents with spinal cord injuries and is so well equipped, having all kinds of treatments—some that we do not even offer in Europe.

I am very impressed by the dedication of the people working here and by the inspiring story behind the founder. Thank you for the whole tour."

S. Ganapathy Subramanian
(along with Kellenkani Shanmugam, A. Vadivelu, and V. Selvaraj)

"Very good service rendered by Ms. Preethi and the team of volunteers. Doing a yeoman service to persons suffering from spinal injuries.

The facility and the care taken for the residents are truly commendable. God bless."

A. Siddharth
Eco Smart Energy

"One of the best rehabilitation facilities I have seen. So much thought and effort has gone into the creation of such a beautiful place.

I will extend my full support in my capacity to continue doing this work. This initiative must be promoted to increase the visibility of this place. This is truly a one-of-a-kind facility."

Amritha K. R.

“A thoughtful initiative. It is important to see how support can help ensure continuity and scaling of such a meaningful effort.”

Prof. S. Venkateshwaran
Dean – SRM College of Physiotherapy

“I am blessed to have visited this centre. I observed a productive team and a truly inspiring environment.

I feel deeply touched by the work and offerings of this organisation. This is divine work carried out with gratitude and dedication. I feel motivated to be part of a larger purpose after this visit.”

Mohana Vidhya N
Assistant Professor – SRM College of Physiotherapy

“Really happy and satisfied to see such a well-functioning rehabilitation centre. The initiative and commitment to patient care are truly admirable.”

Sujaritha Tansen

“Restoring the dignity of the human spirit.”

Prema Sankar Kanaka
Happy Turtles, Varkala, Kerala

“It is highly inspiring work that the centre does. I feel deeply touched by the work and the offerings of this organization.

This is truly divine work carried out with gratitude and dedication. I feel motivated to be part of a greater purpose after this visit.”

Yamuna Vittal

“I am so very impressed by the thoughtful design and implementation of the Inspire Programme. Every aspect of it has been carefully considered and executed.

The dedication and clarity of the programme clearly reflect the mission and vision behind it. Thank you all for this valuable contribution to the world.”

Guri de Blok

“Wonderful. Keep up the good work.”

K. Bharathan

"Excellent work. Keep doing!"

**Mr. Hariniraman,
Clinical Physiotherapist – SRM College of Physiotherapy**

"Had a good and different exposure. The visit reinforced my role not only in creating rehabilitation but also, much more importantly, in restoring the dignity, respect and purpose of survivors.

I was impressed by the way people address others here like residents and brothers."

A Place Where Hope is Rebuilt

The voices of our visitors reflect a common realization: Soulfree is more than a rehabilitation centre.

It is a place where lives are rebuilt, where independence is rediscovered, and where dignity is restored to individuals living with spinal cord injuries.

Every message recorded in our Visitors' Book strengthens our resolve to continue creating an environment of compassion, resilience, and empowerment.

We remain deeply grateful to all our visitors whose encouragement continues to inspire our mission.
